

Statement from Citigroup CEO Vikram Pandit on Korean-U.S. Free Trade Agreement

June 26, 2010

"President Obama's leadership in breaking down barriers to commerce couldn't come at a better time. A Korean-U.S. Free Trade Agreement should lead to increased trade and investments, driving growth and job creation to fuel our economic recovery. As a Co-chair of the US-Korea FTA Business Coalition, Citi looks forward to the successful completion and implementation of this commercially important agreement."
