

THE U.S.-KOREA FREE TRADE AGREEMENT BENEFITS FOR THE NORTH CAROLINA ECONOMY

North Carolina Goods Exports to Korea 2004 - 2008

Increased Trade with Korea = New Jobs for North Carolina

North Carolina Benefits Under the U.S.-Korea FTA

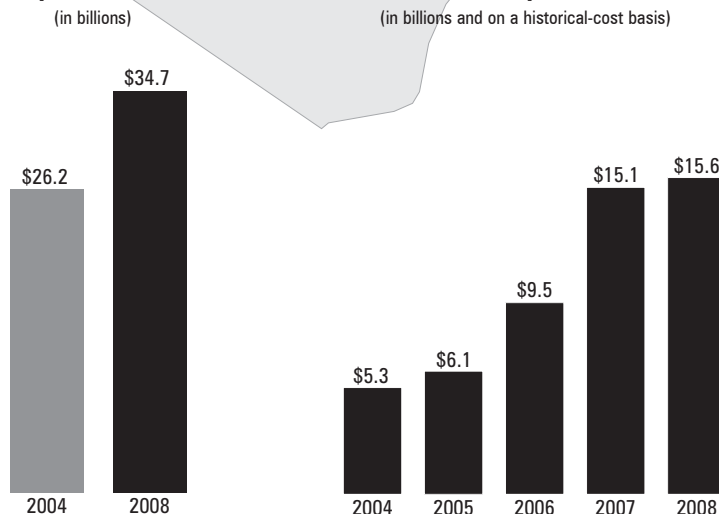

- ◆ The U.S.-Korea FTA will benefit the North Carolina economy – and create new jobs – by immediately opening new access for North Carolina goods and services in Korea’s \$1 trillion economy, and by establishing a level playing field in Korea for North Carolina workers and businesses to compete.
- ◆ All furniture exports, and many other manufactured goods produced in North Carolina, will enter Korea duty free immediately.
- ◆ Korean duties on major North Carolina agricultural products – such as soybeans, cotton, and tomatoes – will be eliminated immediately. Most pork products will become duty free on January 1, 2014.
- ◆ Simplified and expedited customs procedures will enable North Carolina businesses to reach Korean customers more quickly and with less red tape.

U.S. goods exports to Korea would increase by \$10 - \$11 billion, according to estimates by the U.S. International Trade Commission. Over 187,000 North Carolina jobs are supported by goods exports (5.4% of the state’s private industry).

U.S.-Korea Trade and Investment

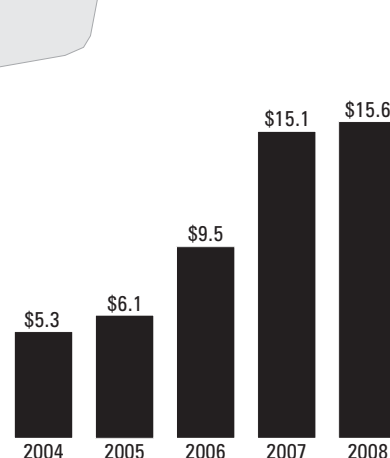

- ◆ Korea is the 7th largest U.S. trading partner and the 5th largest U.S. market for agricultural goods.
- ◆ U.S. goods exports to Korea grew to nearly \$35 billion in 2008.
- ◆ U.S. services exports to Korea grew to \$12.7 billion in 2007.
- ◆ For every \$1 billion in exports, 6,250 manufacturing jobs are created or supported, according to U.S. Department of Commerce Secretary Gary Locke.
- ◆ Increasing U.S. exports to Asia – including Korea – by 1% would create approximately 250,000 U.S. jobs, according to President Barack Obama.
- ◆ Korean majority-owned affiliates in the U.S. employed 23,900 Americans at an average wage of \$64,310 in 2007.

THE U.S.-KOREA FREE TRADE AGREEMENT COSTS OF INACTION FOR THE NORTH CAROLINA ECONOMY

- ◆ The U.S.-Korea FTA was signed on June 30, 2007, but it has not yet been approved by the U.S. Congress. Since that time, Korea has successfully concluded a free trade agreement with the European Union that is expected to be implemented in 2010. Korea's FTA negotiations with Canada are also in the advanced stages.
- ◆ If the U.S.-Korea FTA is not implemented – but these other trade agreements are – North Carolina workers, businesses, and farmers will lose sales and opportunities in the Korean market to their global competitors.
- ◆ **This will cost North Carolina lost exports, output, and jobs.**

Projected Loss of North Carolina Jobs Due to Inaction on U.S.-Korea FTA Selected Industries

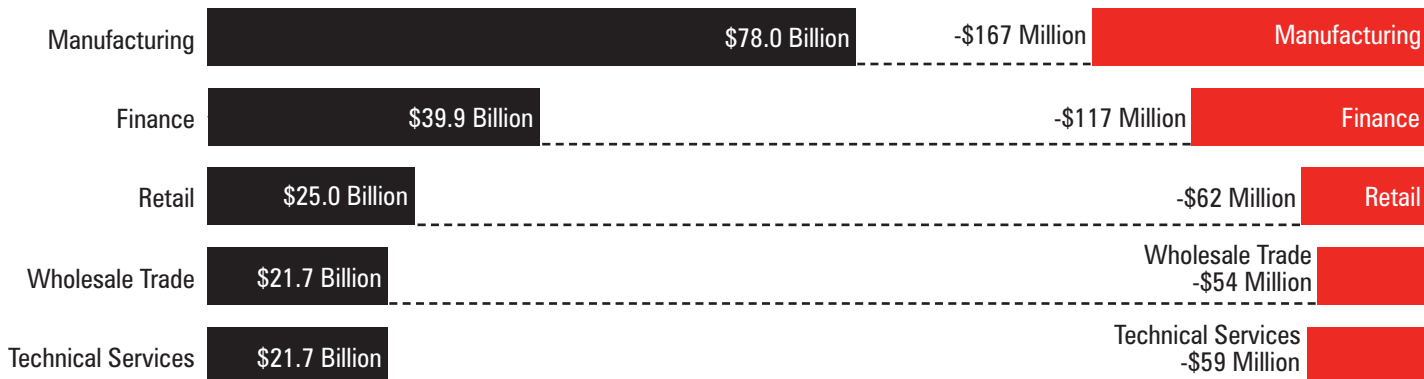

Costs to North Carolina and the United States of Failure to Implement the U.S.-Korea FTA

	<u>North Carolina</u>	<u>United States</u>
Goods Exports Loss	-\$490 Million	-\$20.3 Billion
Gross State/Domestic Product (output) Loss	-\$1.1 Billion	-\$40.4 Billion
Employment Loss	-10,318 Jobs	-345,017 Jobs
