

# THE U.S.-KOREA FREE TRADE AGREEMENT BENEFITS FOR THE SOUTH CAROLINA ECONOMY

## South Carolina Goods Exports to Korea 2004 - 2008

*Increased Trade with Korea = New Jobs for South Carolina*

**U.S. goods exports to Korea would increase by \$10 - \$11 billion, according to estimates by the U.S. International Trade Commission. Over 150,000 South Carolina jobs are supported by goods exports (9.3% of the state's private industry).**

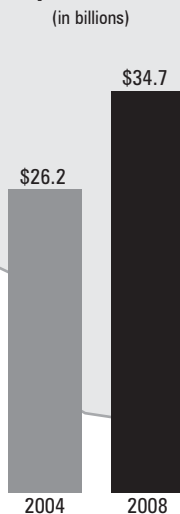

## South Carolina Benefits Under the U.S.-Korea FTA

- ◆ The U.S.-Korea FTA will benefit the South Carolina economy — and create new jobs — by immediately opening new access for South Carolina goods and services in Korea's \$1 trillion economy, and by establishing a level playing field in Korea for South Carolina workers and businesses to compete.
- ◆ Nearly 100% of motor vehicles, and many other manufactured goods produced in South Carolina, will enter Korea duty free immediately.
- ◆ Korean duties on major South Carolina agricultural products — such as cotton and feed corn — will be eliminated immediately.
- ◆ Simplified and expedited customs procedures will enable South Carolina businesses to reach Korean customers more quickly and with less red tape.

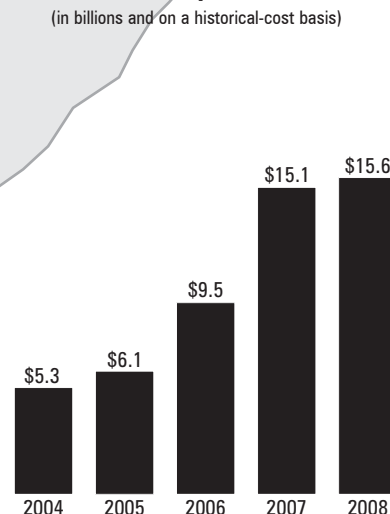

## U.S.-Korea Trade and Investment

- ◆ Korea is the 7th largest U.S. trading partner and the 5th largest U.S. market for agricultural goods.
- ◆ U.S. goods exports to Korea grew to nearly \$35 billion in 2008.
- ◆ U.S. services exports to Korea grew to \$12.7 billion in 2007.
- ◆ For every \$1 billion in exports, 6,250 manufacturing jobs are created or supported, according to U.S. Department of Commerce Secretary Gary Locke.
- ◆ Increasing U.S. exports to Asia — including Korea — by 1% would create approximately 250,000 U.S. jobs, according to President Barack Obama.
- ◆ Korean majority-owned affiliates in the U.S. employed 23,900 Americans at an average wage of \$64,310 in 2007.

# THE U.S.-KOREA FREE TRADE AGREEMENT COSTS OF INACTION FOR THE SOUTH CAROLINA ECONOMY

◆ The U.S.-Korea FTA was signed on June 30, 2007, but it has not yet been approved by the U.S. Congress. Since that time, Korea has successfully concluded a free trade agreement with the European Union that is expected to be implemented in 2010. Korea's FTA negotiations with Canada are also in the advanced stages.

◆ If the U.S.-Korea FTA is not implemented – but these other trade agreements are – South Carolina workers, businesses, and farmers will lose sales and opportunities in the Korean market to their global competitors.

◆ **This will cost South Carolina lost exports, output, and jobs.**

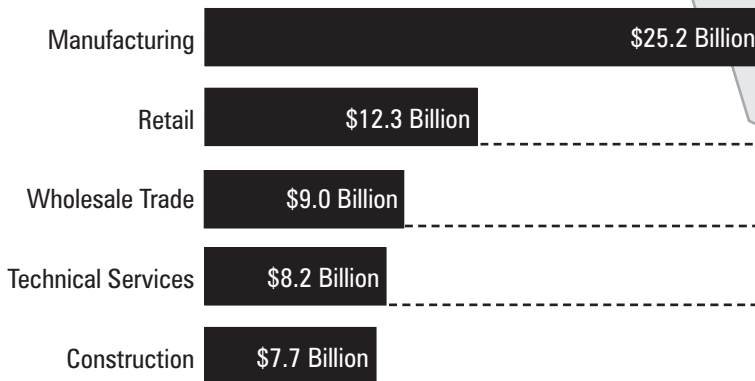

## Projected Loss of South Carolina Jobs Due to Inaction on U.S.-Korea FTA Selected Industries

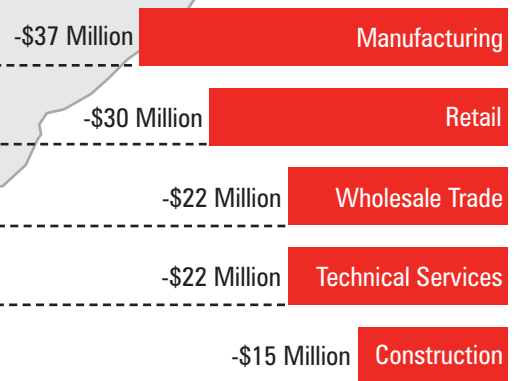

## Costs to South Carolina and the United States of Failure to Implement the U.S.-Korea FTA

	<u>South Carolina</u>	<u>United States</u>
<b>Goods Exports Loss</b>	<b>-\$342 Million</b>	<b>-\$20.3 Billion</b>
<b>Gross State/Domestic Product (output) Loss</b>	<b>-\$425 Million</b>	<b>-\$40.4 Billion</b>
<b>Employment Loss</b>	<b>-4,629 Jobs</b>	<b>-345,017 Jobs</b>
